

P3 Home Learning Choices set 1

Doubles and halves Practise doubling multiples of 10 up to 100 (remember if you know double 9 is 18, you now double 90 is 180) Now practise halving on the link below. https://www.topmarks.co.uk/maths-games/hit-the-button	2D shape hunt Can you find, draw round and label the 2D shapes listed below? (circle, square, rectangle, triangle, pentagon, hexagon, heptagon and octagon) Some shapes will be easier to find than others. If you cannot find a shape, use a ruler and draw the shape yourself, remembering to say what shape it is you have drawn.	Dice roll Make up your own dice games. e.g. Decide how many times you are going to roll the dice. E.g. Roll twice, add up (e.g. $5 + 6 = 11$) then roll another twice (e.g. $2 + 3 = 5$) and add these up ($11 + 5 = 16$) or using these numbers, take the smallest number away from the biggest number ($11 - 5 = 6$)	Practise counting. Count in 2s, 5s, 10s How high can you go?	Choose 5 numbers up to 20 (extra challenge choose 5 numbers up to 100) Then see how many ways you can make these numbers. e.g. 16 That could be $15 + 1$, $3 + 13$ $2 + 4 + 10$ Count how many different ways you have managed.
Common words <i>about were there would make down</i> Practise spelling the words above using bubble writing, then use them in your own sentences. Remember to use punctuation. Can you make up a silly sentence using all of the words? 😊	Choose a book from home and see how many times you can find the common words given in the first box. Which word did you find the most?	Choose a short film you have watched. Draw a picture of what happens at the start, what happens in the middle and what happens at the end of it and write a few sentences to explain what you have drawn.	Listening One minute can actually seem like a really long time. Close your eyes for this time then after the minute is up, make a list of all the things you heard? Add some <i>adjectives</i> to describe the sounds. E.g. the rumbling lorry.	As you are off, draw a picture of one of the friends who you are missing. Write words round about them that describes this friend. E.g. blonde, funny, kind etc.
RME Watch the clip of the story about the Good Samaritan https://www.youtube.com/watch?v=IWmBQ5ZYub4	Think of one kind thing you can do each day you are off that is going to help others.	You may not be able to get out of the house for some exercise, so why not try some Cosmic Kids	Art Watch this 'Drawsmall' link. https://vimeo.com/413069049	Make your own game of crazy golf. Use rolled up paper as your club and ball and use

Due to COVID, we have been hearing lots of stories about people being kind and helping out others. Draw a picture of someone you have heard about who has been especially kind and helpful and write a few sentences telling us what they did.		Yoga. There are lots to choose from. https://www.youtube.com/user/CosmicKidsYoga	The artist here has found some small items from their house and is showing you how to look carefully at the objects and how to draw them by making small movements. This is trickier than it looks. What items will you choose?	different things in your house to make it an obstacle course. Have fun!
